## Where unforgettable journeys await!

## How It Works

**Start Together**  
Gather your group and join the same racing room on your phones.  
→ Each player's chat represent personal travel preferences.

**Play & Collect**  
Avoid obstacles while collecting different stars that represent each proposed activity or destination.  
→ Every star collected = one vote.

**Rank & Vote**  
The faster and farther you drive, the higher your impact.  
Only top player's votes are weighted more — ensuring both fun and fairness.
